

Mini ROV – UD 6-100-II

A series of modern underwater mini ROV designed to quickly and perform a variety of basic underwater tasks: observation, inspection, exploration or search & rescue mission. The system is portable and cost-effective solutions that can be deployed in minutes. The standard system include a submersible system, the control box with a modem, notebook loaded with control software suite, hand controller and 100m tether cable on reel with sleep ring. The standard Base configuration can be upgraded to accept the following accessory: manipulator, sonar, extra light, up 300m tether cable, Laser pointers, positioning system.

Standard Base System Components

- Mini ROV Submersible (standard finish)
- Surface laptop 15" display with complete suite of control software
- Remote hand controller
- 100m tether cable on reel with sleep-ring
- Basic Tool Kit

Options

- Manipulator
- Laser pointers
- Sonar
- Underwater positioning system
- Pelikan carry case
- Up to 300m tether
- HD camera

Technical Specifications Mini ROV-UD6-II

General

| | |
|---|--|
| <i>Power requirements</i> | <i>Battery powered</i> |
| | <i>Battery type: 38 Ah Li-ion Battery</i> |
| <i>Endurance</i> | <i>6 h</i> |
| <i>System Tool Kit</i> | <i>Basic Tool kit</i> |
| <i>Water light enclosure inner diameter</i> | <i>102 mm</i> |
| <i>Water light enclosure inner lenght</i> | <i>298 mm</i> |
| <i>Cable penetrators holes</i> | <i>14x10 mm</i> |
| <i>Construction</i> | <i>HDPE frame, alluminium flanges/end caps</i> |

Submersible

| | |
|---------------------|-----------------------|
| <i>Depth rating</i> | <i>100 m</i> |
| <i>Size (LxWxH)</i> | <i>507x379x280 cm</i> |
| <i>Weight</i> | <i>12-Kg</i> |

Propulsion

| | |
|--------------------------------|--|
| <i>Thrusters configuration</i> | <i>6 thrusters -4 vectored -2 Vertical</i> |
| <i>Horizontal Thrusters</i> | <i>700 W each</i> |
| <i>Vertical Thrusters</i> | <i>700 W each</i> |

Camera

| | |
|-----------------------------|----------------------------------|
| <i>Camera</i> | <i>1080p digital</i> |
| <i>camera field of view</i> | <i>110 degrees horizzontally</i> |
| <i>Tilt range</i> | <i>+/- 90 degree</i> |
| <i>Tilt servo</i> | <i>Hitec</i> |

| | |
|---------------|---|
| <i>Lights</i> | <i>2 x 1500 lumens with dimming control</i> |
|---------------|---|

Integrated Sensors

- *3-DOF Gyroscope*
- *3-DOF accellerometer*
- *3-DOF magnetometer*
- *Internal barometer*
- *Pressure/depth & temperatire sensor*
- *Current and voltage sensing*
- *Leak detection*

| | |
|------------------------|--------------------|
| <i>Depth control</i> | <i>Auto/Manual</i> |
| <i>Heading control</i> | <i>Auto/Manual</i> |
| <i>Stabilize</i> | <i>Auto/Manual</i> |

Integrated accessories

Users can easily upgrade the standard Base system capabilities to include sonar, manipulator, positioning system , and much more
